TOURS

There are so many amazing experiences to do in Bali. Browse day trips, tours and activities offered by local tour guides at [viator.com](https://www.viator.com) before you arrive so you won't miss out on doing something you would have loved while you're here. Kadek our transport driver can take you on private tours also.

GETTING AROUND

You can use our personal golf cart to get around Jimbaran, to the beach and restaurants and cafes.

We also have a villa mobile connected to GoJek (Bali's version of Uber)
Just select a pickup and a car will arrive at the villa to take you where you want to go.

CAFES & RESTAURANTS

There are many great restaurants and cafes nearby serving many cuisines.

MEALS & DRINKS DELIVERED

GoJek is like Uber Eats in Indonesia and is the easiest way to have restaurant quality meals in the villa. We have a villa phone set up to make it easy to order any meals and drinks and have them delivered.

COOKING

If you'd like to do some cooking, you can get groceries delivered or go to the many supermarkets nearby.

GROCERIES DELIVERED

We love and recommend
balidirectstore.com

They consciously source and deliver local groceries to the villa, including: fruit, vegetables, meats, deli, dairy, baked goods, snacks and drinks. Shop online before 8am and receive delivery that afternoon, excludes sunday.
